### DUTIES AND RESPONSIBILITIES

- Precisely and accurately interprets critical medical advice and information given by the provider into equivalent terminology in the patient's native language.
- Assists in translating medical text from English on behalf of internal and external customers; may translate patient education information as specifically requested.
- Establishes and maintains quality service and positive interaction with all patients, customers, visitors, health care providers, and clinical employees.
- Assists with patient follow-up as necessary, to include contacting patients with appointment reminders.
- Maintains strict patient confidentiality in accordance with HIPAA policies and standards.
- Provides occasional services outside of normal working hours on as-needed basis.
- Performs miscellaneous job-related duties as assigned.
